COMMUNITY BAND TO BE ORGANIZED

Have you ever played a band instrument? If you have, there is a place for you in the new community band that is being organized by Telstar Band Director, Harry Davis.

While living in Utah Mr. Davis organized a similar group which has now performed for eight years in concerts and parades. The group even developed its own dance band which now plays weekly.

"I know that there are many people in the area who could get back in shape to perform with this group with a just a little effort." Davis said enthusastically. "It's all a matter of deciding that it would be fun to have a community activity like this and to be a part of it."

If you are interested in more information please call Harry Davis at 824-3164. The band will be rehearsing on Tuesday night from 6:30 to 7:45 at the Telstar Band Room.

TELSTAR BAND DIRECTOR Harry Davis, promises that if you will join the Community Band he will not react to your first notes as he is reacting to those of closet tuba player Dottie Boyce.

The Board of Selectmen held a regular meeting, Monday evening, Sept. 17, in the Town Office Meeting Room to review a variety of agenda items.

After having an overview presented by the Town Manager, the Selectmen requested copies of the Airport Environmental Assessment contract document to review prior to executing it at their Oct. 1 meeting. The contract will be with Androscoggin Valley Council of Governments who will collect a variety of measurements, data and information to assess the impact of the expanded facilities at Bethel

SMALL WOODLAND OWNERS TO SEE AFTER CHIPPING OPERATIONS

The controversial whole tree harvesting procedures that keep the forestry pot boiling these days, will be the subject of Western Maine Small Woodland Owners Association of Maine's September meeting. Other woodland owners invited.

The P. H. Chadbourne Co. of Bethel will host visits to several woodlots which have been whole tree chipped over a year ago. The emphasis of the tour will be to see how one company approaches the problem of regeneration after a lot has been worked over with the heavy equipment required for whole tree harvesting. Planting, scarification and working with herbicides will be covered amongst other subjects. Arrangements were made through Bob Chadbourne, manager of the Woods Department, and two company foresters, Sherman Small and Tim Sawyer, will guide the tour.

The group will gather at 8:30 a. m. on Chadbourne's Luxton lot on Saturday, Sept. 22. Take Route 2 west from Bethel towards West Bethel, go about two miles up over the hill turn right beyond yellow house with a "K" on the chimney, cross RR tracks, go ¼ mile and watch for SWOAM sign.

GOULD ALUMNI DANCE AT BETHEL INN SATURDAY

As a new addition to the list of special events and activities for Alumni Weekend at Gould Academy, a dance has been planned at the Bethel Inn on Saturday evening at 9:00 p. m. following the Alumni Banquet and Awards presentation at the school's Bingham Gymnasium.

Don Bennett, Gould '52, has scheduled a band called "Good Sounds" led by Esther Nava which plays all styles and types of music including tunes reminiscent of the days of the "Top Hat" for those alumni in the area who remember the dance hall in Hanover.

All alumni are invited to attend the dance and several reunioning classes have indicated they will attend en masse! A percentage of the proceeds from the refreshments served at the dance will be contributed back to the alumni association to help defray the expense of the band and to support Gould's scholarship program. So plan to come and dance Saturday night!

ATTENTION— BETHEL SENIOR CITIZENS

One of Bethel's Oldest Family Businesses Sold

The Greenleaf Funeral Home on Vernon Street has been sold to Raymond-Andrews Funeral Homes of Norway-South Woodstock.

Dr. and Mrs. Sherman S. Greenleaf came to Bethel from Skowhegan in 1920 when he bought out the Tibbetts undertaking business. In addition to his profession as a funeral director, Dr. Greenleaf was a practicing veterinarian.

Until 1925, when the family moved to the Guy L. Thurston residence in Kimball Park (now the home of James Patterson) funeral services were held in homes or churches. At that time, a funeral parlor was established at the Park Street location.

In 1932, Dr. Greenleaf bought the Harry Jordan house on Vernon Street, and built the present funeral home which was formally opened in November 1932. To quote from the Nov. 3, 1932, issue of "The Oxford County Citizen" which featured a full page of pictures and articles about the new funeral home—"The funeral home of S.S. Greenleaf on Vernon Street is one of the most modern and attractive in this section of the state. People of Oxford County are fortunate in having a man of Dr. Greenleaf's ability and initiative locate in Bethel and the Citizen predicts ever greater success in future ventures."

And from the Citizen's special edition of 1931—"Dr. Greenleaf's cheerful manner and skill and devotion to his professions have made friends for him in every section of the County. Dr. and Mrs. Greenleaf are always interested in the progress of the community, and generous with time and money in any worthwhile cause."

At Dr. Greenleaf's death in 1962, the business was taken over by his youngest son, Eldon, who has carried on the business for the past 22 years with the same ability and sympathetic understanding the Greenleaf Funeral Home has always shown the people of Bethel and vicinity.

Now, 52 years after the Greenleaf Funeral Home opened at its location on Vernon Street, the building is getting a face-lift, and the driveway and new parking lot are being re-paved. A new two-car garage is being built where the dog kennels and barn have been torn down.

FUNERAL HOME SOLD — Brad Raymond, left above, of the Raymond-Andrews Funeral Homes which recently purchased The Greenleaf Funeral Home in Bethel, with Eldon Greenleaf who has operated the facility for the past 22 years.

ALUMNI WEEKED IS HERE

This week end, Sept. 22-23, Gould will host the Alumni Association's Annual Homecoming, Reunion '84. The theme this year is political, so plan to come and enjoy the festivities as if it were a convention with lots of noise, parades and good times. All alumni and friends of Gould are invited, and a record turn out is expected. Resevations may still be made at the Alumni Office, 824-2161, Ext. 128.

Sent in by Viva Whitman:

This past week started as busy as the one before had been. Russell took his truck and trailer and went to Bethel to help move more of Peggy's goods down. Myrna came up from Auburn with their truck to help and Bryce came with a load of wood after helping load the other trucks. As I couldn't do much to help them, I went to town to do a little shopping. Lawrence was laying a pipe down back and Bryce helped him while Peggy, Myrna and Joe unloaded the different vehicles.

Tuesday morning, Russell headed down for Bethel once again to get another load to bring down. He had gone to Norway for a blood test first. I had lunch all ready when they arrived with the loads of wood etc., and here again, they could unload faster than I, so after doing the dishes, I went up and helped what I could. Peggy drove me to Harrison later to see the doctor so Russell wouldn't have to.

We tried to find out Wednesday morning if anyone knew whether the cement would be brought that day for a pad for Peggy's camps and out front of the home where he plans to build new steps and close it in, but no one knew, so Russell went to the garden. He brought back spinach to be washed and frozen as well as some beets and parsnips for the table.

It took a while after lunch to get the spinach ready to wash and freeze as it is New Zealand spinach and all one uses is the leaves. We went outside to pick them off and my hands looked black when we were done. Got 11 packages to help out for the winter and that is good.

Thursday and still waiting for the cement to come. I did quite a lot of typing I had to do. Russell worked outside and Lawrence was bulldozing and broke a part on his bulldozer, so that put a stop to his pushing the rocks off down into the woods where he wanted to. He went to sawing wood as that has to be done nad he wanted to wait until the cement for Peggy's camps was run before taking the bulldozer into the yard to work on it.

Got up Friday and low and behold, the men were up putting the form together for the cement pad for the camp. They didn't know when the cement was coming, but we went to town and did wash and I had an appointment to keep. Had hardly gotten home when the phone rang and Grace told us the cement was coming any minute and she was right. It was only a few minutes and the trucks came and ran the cement. We were happy to see that done. Russell helped Lawrence and Grace with wood cutting after that and in the evening, we all went to Bethel to see the pictures Bryce and Barb had taken when on their trip to Africa. They have some wonderful pictures to keep in memory of that trip. Hope some day to see the ones they took when they went to Alaska.

Got up Saturday morning to a rainy, wet day, but we need the rain so didn't complain too bad. I didn't care whether the sun shone or not the way I felt so took it easy and so did Russell.

Sunday, we were invited to go to Lewiston to have dinner with Wymona and Michael and Courtney. It was a good day after the rain and we had a good day with them. Courtney was already to come home with us; so guess she didn't mind staying with us while her Mother was sick.

The leaves are beginning to change and the chill in the air tells us what is ahead. Frost has hit hard in many places, but so far, we haven't gotten it too bad. It did touch the upper leaves on the squash vines, and Donald Farr who has a garden across the road from us but just a little higher said it had the upper part of his garden. Hope it holds off a while longer.

Gerald Taylor, who has been and still is for a few more days anyway, is in the hospital, from a heart attack, is doing fine and we hope he continues to keep gaining. He just has to do what the doctors tell him to do and that will be hard as he is a good worker.

Canning and freezing are the thing right now and we are trying to get ours done as fast as we can. We work together and it goes faster. As I tell Russell, teamwork gets our jobs done faster and easier on both of us.

Summer's gone and it won't be long till wherever we go will be in the snow.
So help yourself get through the winter with a heavy duty car that handles great in the snow. We've got a 1975 Dodge Crestwood Station Wagon for sale. 46,500 original miles, PS/PB, roof racks, and AM/FM radio. No rust and runs smooth. We've replaced it with a truck. Price is $1,500.00. Compare and then call 824-2522 for more info.

FROM THE BETHEL AREA
Health Center

The National Association of Community Health Centers has proclaimed the week of Sept. 23-29 as National Community Health Center Week. There are approximately 700 health centers nation-wide which have been developed over the last 20 years. Research shows that community health centers reduce hospitalization and that health patients have fewer operations, fewer visits to physicians for illness, and higher rates of protection against medical problems than the general population.

It has been over the past 10 years that rural community health centers have been developed in Maine.

The health centers have been created by community residents who have responded to the need for health care by determining what specific health services should be provided locally, recruiting health professionals and coordinating health services. In addition to traditional medical services, rural community health centers provide programs in the areas of mental health, substance abuse, family planning, women and children, elderly services, etc., where the need exists and where there is a strong community commitment to seeing that the need is met.

The Bethel Area Health Center is one of 30 rural community health centers in Maine.

In celebration of national community health center week, the Bethel Area Health Center will be holding Open House from Sept. 23-29. All area residents are invited to visit and become better acquainted with the services that are available. In particular, the Center's lending library will be highlighted and materials on preventive health care will be available.

ADULT & COMMUNITY ED. HAS COURSE IN BAGPIPE PLAYING

The S.A.D. 44 Adult and Community Education program will offer a Beginning course in Bagpipe Playing, to be taught by Larry Campbell of Locke Mills starting on Thursday, Oct. 4. Army recruiter in Rumford, has been playing the bagpipes for several years. Beginning students will use a practice chanter, which may be purchased from the instructor. The class is open to teens and adults, with a limit of five students. An additional section from 8 to 9 will be scheduled if necessary. To enroll in this class, call the S.A.D. 44 Adult and Community Education office, 824-2780.

T.T.A.E.R.S. News

(Tri-Town Ambulance & Emergency Rescue Service)

Tri-Town had good weather for its Bike-a-Thon and the just for fun ball game Sunday. Eighteen riders participated from age 5 to adult. Tri Town thanks all who helped support the project.

And the game between The Village Store, Bryant Pond, and the Bob's Corner Store in Locke Mills was a lot of fun for everyone. The team from Greenwood seemed to have the edge on the Bryant Pond group, winning the day's softball game. No one under age 30 was allowed to play.

An Advanced First Aid Class has started on Monday nights at Woodstock Elementary School. It is not too late to enroll in the course. The course will lead to an ambulance attendant test for those wishing to join an ambulance service.

Training meeting is Wednesday Sept. 26, at Ledgeview Memorial Home at 7 p. m.

The calendar sales were very successful this year. Tri Town ordered an additional 100 calendars from last year's sale.

Safety Tip of the Week

Prevention goes a long ways in dealing with emergencies. An Advanced First Aid course can teach many useful suggestions for dealing with the unknown. Cardio-Pulmonary Resucitation (CPR) can save someone's live by keeping the blood circulating when their heart has stopped pumping. Many common emergencies are discussed in the course, along with treatment. Consider giving one night a week, Monday night in Woodstock or Tuesday night in Bethel, to learn how to handle situations that may occur in your home.

CARD OF THANKS

Thanks to the bunch of guys who helped with my wood. It is greatly appreciated.

Letters to the Editor

Sept. 16, 1984

To the Editor:

I am sure that you know by this time that we have sold our Funeral Home to the Raymond-Andrews Funeral Homes of Norway and South Woodstock.

It was not an easy decision to make as the family has been serving the people of Bethel and vicinity for 64 years. I have been in the business for over 30 years, and have the gratification that I have been able to help the many families we served through a most difficult time.

In the past two years a lot of younger members of our community have left us, people who I have grown up with, or had formed a close friendship with. This has not always been an easy task to perform, like all people undertakers have feelings too. Last April 1 funeral homes came under a new set of FTC rules or more government controls. I found that these rules were insulting, degrading and asinine, families are subjected to more pain than need be at the time of arrangements for their loved one.

Combine these facts plus the offer by the Raymond-Andrews Funeral Homes and you have our reasons for selling.

We have always considered it an honor to serve you, and would like to thank all the people in Bethel and vicinity for the trust you placed in us all these years. We feel that the Raymond-Andrews Funeral Homes will continue to serve you well and ask that you give them your support.

Sincerely,
Eldon and Ann Greenleaf

Sept. 15, 1984

To the Editor:

There are approximately 78 families living along the East Bethel road. This is from Route 26 through to the Rumford town line. This strip of so called road is approximately 10 miles in distance. The strip of road by our home is a super highway compared to the most ridiculous section being from Bean's Corner through the woods to the Rumford town line.

Anyone with a fairly decent vehicle would not dare drive the speed limit, car repairs being so expensive, front end alignments, etc.

Driving the East Bethel road is like riding on a ride at a fair or amusement park. I'm not very amused bouncing along on a trail where there are no sides, only a middle wide enough for a small vehicle.

Lets face it, the problem starts at Route 26. The turn off is not marked well at all. Coming from Bethel around the corner to the East Bethel road is very dangerous, during the winter especially when there is ice and snow on the road. This is just a fender bender corner.

The corner is bad, the road is bad and I think we people who pay taxes on the dark side of Bethel deserve more than patches and yellow lines.

Thanks,
Donna Curtis

BETHEL TOWN OFFICE

continued from Page One

Airport. Before taking action, the Selectmen will acquaint themselves with the scope of the tests and measurements.

Community Safety and Law Enforcement Committee members Barbara Brown, Jane Hosterman, Jeri Brooks, Larry Davis and Bobby Blake met with the Selectmen in a very informative and constructive session on developing policy and procedure guidelines for the Bethel police. The committee recommended that guidelines, properly set through a participatory process, would assist each policeman in the conduct of his duties, as would implementation of the Uniform Crime Reporting System that conforms and ties in with country, state and federal systems of reporting and record keeping. Important, too, is the fact that these improvements can be accomplished without adding to the budget and taxpayer cost. A tentative date of Oct. 22 was set for a workshop session at the Town Office Meeting Room for the Selectmen, Committee members, and policemen to begin work on the specifics of this project.

In other business, the Board discussed suggestions made by D.O.T. engineers to improve the safety conditions and ease the traffic load on Cross Street, approved a draft letter in response to one from Attorney Michael O'Donnell regarding the Elm and Main Street intersection curbing project and acted on a bonus plan for municipal employees for the period April through June, 1985.

The next regular meeting of the Board of Selectmen will be Monday, Oct. 1, at 7 p. m. in the Town Office Meeting Room.

ELDERHOSTELERS GATHERED AT SUNDAY RIVER INN

Twenty-six enthusiastic senior citizens from as far away as Missouri, Michigan, Florida, North Carolina, and Ohio gathered at Sunday River Inn last week to participate in an Elderhostel program. The Elderhostelers studied the Geology and Gemology of Western Maine with Susie Wight, Toymaking with Julie Daye, and The Music of New England with Mary Valentine. As part of their studies they visited Grafton Notch State Park, Perham's Maine Mineral Store, a local gem mine, the Moses Mason House, and the Hymn Sing at West Parish Congregational Church. Many of the Elderhostelers also enjoyed spending free time exploring the area and experiencing country fairs, touring the Broad Street Historic District, and visiting local shops and craftsmen.

Sunday River Inn is one of nearly 800 campuses around the world offering Elderhostel programs. Participants in the programs need only be 60 years old or over and have the desire to meet new people, visit new places, and study any of a nearly limitless range of subjects. To learn more about Elderhostel contact Steve or Peggy Wight at Sunday River Inn, review the latest course catalog at the Bethel Library, or write Elderhostel, 700 Boylston St., Boston, Mass. 02116.

Mr. and Mrs. Joshua Putnam

PUTNAM - BOYLE

The West Parish Congregational Church, Bethel, was the setting for the wedding, Aug. 25, of Cynthia Ann Boyle of Bethel and Joshua David Putnam of Andover.

Given in marriage by her father, Cynthia is the daughter of Mr. and Mrs. William Fredrick Boyle of Bethel.

Joshua is the son of Mrs. Paula Putnam Smith of Andover and Edward C. Putnam, Shelby, N. C.

The maid of honor was Ms. Kelly Boyle, sister of the bride. Bridesmaids were Mrs. Laurie Chenery, Rochester, N. H.; Ms. Heidi Bennett, Bethel. The flower girl was Amy Chenery, Rochester, N. H.

Joel Putnam, Monterey, Calif., brother of the groom, was best man. Ushers were John Putnam, brother of the groom, Asheville, N. C., and Bob Myles, Bethel.

The bride wore a long satin and lace wedding dress with matching lace veil. The maid of honor wore a pink satin dress and the bridesmaids wore matching lavendar satin dresses with scooped neck and puffed sleeves. They carried long stemmed pink and white carnations. The ushers were attired in light grey tuxedos with white boutonnieres.

The church was decorated with fresh garden flowers in pink, white and lavendars with pine and arranged by the groom's grandmother, Mrs. Gertrude Percival of Andover.

A reception followed the wedding and was held at the American Legion Hall in Locke Mills.

Cynthia is presently employed by the Bethel Inn. Joshua will be leaving for a tour of duty with the United States Armed Services.

The couple will reside in Bethel after a trip to New Hampshire, Vermont and Montreal in Canada.

CRISPORTS NEW SHOP AT SUNDAY RIVER

Sunday River Ski Resort in Newry is currently undergoing a major expansion program which includes a new triple chair, more trails and snowmaking, expanded parking, 100 new condominium units, and a new building next to the South Ridge Lodge. Called the South Ridge Centre, the building will house a large ski rental shop, expanded day care facilities, the handicapped ski program, a country food store, and a new sports shop called CriSports.

CriSports was originated by Chris Otten, a vice-president at the ski resort. With the main thrust of Sunday River's expansion occuring at South Ridge, she felt there was a need to offer a retail shop in that area. As her children are school-age, the mother of three was looking for a new career. She took a course in fashion merchandising, attended trade shows in New Hampshire and Massachusetts, and began ordering items for the 1984-1985 ski season. The shop will have its grand opening on Saturday, Oct. 20, door prizes and a day-long fashion show.

Asked what kind of items will be in the shop, Chris replied, "The best way to describe our inventory is to call it family activewear. We have all the standard skiwear in sizes for the whole family: turtle necks, long underwear, socks, sweaters, parkas and several varieties of ski pants and bibs. We have a line of gifts and souvenirs, as well as sunglasses, goggles, gloves, hats, and ski poles. We plan to carry skiis, boots, and bindings at a later date."

Otten went on to add, "I feel the exciting thing about CrisSports if that we will be offering top quality, high fashion sportswear at moderate prices. We also have kept to our policy of helping the Maine economy by purchasing from Maine concerns whenever possible. Many of our items will be special to Maine and especially to the Sunday River Region.

Store hours for CriSports will be week ends until mid-November and then seven days a week during the ski season, 9 a. m. to 5 p. m. Monday through Friday and 9 a. m. to 5 p. m. Saturday and Sunday.

At the Legislature

from
State
Representative
Jeffrey N. Mills
District 63

The Special Session of the Legislature held during the week and one-half following Labor Day was devoted to education issues. The Legislature passed landmark legislation designed to address the critical issues identified by the special Education Commission during their year of study.

The most controversial and time-consuming issue of the Session involved payment of the $2000 bonus or recognition grant to teachers. This was the Governor's plan to begin to deal with the detrimental effects low wages have on the teaching profession and ultimately on Maine's educational system. The bonus was included in the final bill along with measures to insure teacher quality such as a mandated test. This, plus the certification reforms enacted last spring will assist local school boards in hiring and retaining qualified personnel.

Funding for the package will come from several sources, including an 8 cent cigarette tax, which is to be offset by a federal tax reduction due in October of 1985. I was concerned that in light of federal deficits, the federal tax would be continued, causing an actual increase here in Maine, and I supported an amendment which would, in this eventuality, force the legislature to fund the bonus differently. I took this position because of our proximity to New Hampshire, and the likelihood that local merchants would lose business to the New Hampshire border towns.

I am pleased with the Education package enacted but caution that this effort is basically a three year start on educational excellence, designed to give the state and local school districts time to fully commit themselves to adequate school funding.

My bill relating to the bond issues for the University of Maine passed, and will go to the voters in November. I know that the University system in Maine has some excellent programs, and I feel that the planned construction and technological improvements will allow these programs to maintain their nationally-recognized status. It is my understanding that all bond issues will be presented to the voters separately, allowing each to be judged on its own merits, despite attempts by the minority party to tie some of the bond issues together.

During the coming weeks I will be seeking re-election and look forward to discussing many issues with you as I tour the District. Please do not hesitate to write or call me with any matters with which I may help. My address is Box 439, Vernon St., Bethel, Me., 04217, and my telephone is 824-3290.

TELSTAR CHORAL DIRECTOR, Harry Davis, goes over a few bars with accompanist Mary Valentine as the two prepare for the first rehearsal of The Community Chorus which will take place on Tuesday, Sept. 25 at 8:00 p. m. at the Telstar High Band Room. For information you may call 824-3164 for Mr. Davis.

NOTES FROM THE WOODSTOCK HISTORICAL SOC.

Here is an excerpt from a poem by Robert Lowell on Maine —

The fresh paint
On the Captains' houses hides softer wood.
Their square-riggers used to whitem.
The four corners of the globe.

These lines merely point out one aspect of the distinguished heritage that belongs to Maine people. Add to this our superb architectural achievements, Maine's natural beauties, literary and artistic accomplishments, and the industry of Maine people and you understand why any historical society has much material to draw from in its studies. And perhaps Maine is the most "Yankee" of the New England States. That Down East twang and native independence are renowned the world over. We do indeed have a sterling heritage to preserve and protect, so let us take pride in it. If we do not assume the responsibility, possibly no one will. There is too much of value involved to risk losing it.

Coming Attraction—
THE MAINE ATTRACTION

Would you like your child to belong to a unique children's performing group which entertains local audiences with singing and music theatre dance? Would you like your child to develop Showmanship and Self-Confidence without the pressure of auditions or tryouts, while learning Music Theory and Having Fun? All this is available to children from kindergarten thru grade six in the Bethel area at a remarkably low price.

This new enterprise is under the direction of Harry and Suzy Davis of Bethel. Harry and Suzy do the teaching and direct the programs that the children put on throughout the year. They have already made arrangements for some of the local performances. In addition to the public performances there will be some performing for the parents so they can follow the musical progress of their talented offspring.

It would take several columns to detail the concept behind "The Maine Attraction" so if you would like more information please give Harry or Suzy a call at 824-3164 while enrollment is open.

USDA ANNOUNCES 1984 WOOL SUPPORT PRICES

Support prices for wool for 1984 marketings is $1.65 per pound, according to Roger M. Smedberg, Chairman of the Oxford County ASC Committee.

Smedberg said pulled wool will continue to be supported at a level comparable to the support price for shorn wool through payments on unshorn lambs.

As in past years, he said, shorn wool payments will be based on a percentage of each producer's returns from sales. The percentage will be that required to raise the national average price received by all producers for shorn wool in 1984 up to the support price of $1.65 a bushel, he said.

FLU CLINICS TO BE HELD OCT. 2 AND OCT. 4

As in the past the Bethel Area Health Center is planning two flu clinics for the convenience of the Bethel citizens. One will be held at the Bethel senior citizens meal site on Tuesday, Oct. 2, from 1-3 p. m. The other will be held at the Bethel Area Health Center on Thursday, Oct. 4, from 5-7 p. m. for those unable to attend the other clinic.

People over 65 or those of any age with chronic illnesses such as heart disease, lung or kidney disease, diabetes or other metabolic diseases or severe chronic anemia are urged to attend for a flu shot.

Some people should check with a doctor before taking the influenza vaccine. They include: those who have a fever or feel ill with something more serious than a common cold; those who have received another type of vaccine in the previous two weeks; those with allergies to eggs; those with multiple sclerosis or other persistent neurological illness; those who are pregnant.

Esther Davis entertained Mr. and Mrs. Ellsworth Hathaway, Ethel and Erland Twitchell and Olive Davis at supper Thursday evening.

Lizzie Russ, who participated in the balloon release held at Ledgeview Nursing Home last spring received a letter from a party in Winthrop that Lizzie's balloon landed in her parents' yard. Lizzie was surprised and pleased to receive the letter.

Woodstock schools are in full swing again. The summer has been short.

Esther Davis and daughter, Patricia Tibbetts attended the 50th anniversary of Mr. and Mrs. Frank Packard at the Brunswick Berean Baptist Church Saturday. A money tree was presented to the pair and their daughter, Nancy Vandenberg gave them a trip to be taken Jan. 19 to a warmer climate. They fly from Boston to Los Angeles, where they will have a boat trip to Mexico Riviera. Then they will travel to San Diego to visit a nephew, Ila Packard who will meet them. Ila is Harry Packard's son.

Esther Davis and Patricia Tibbetts visited Velma Davis at Brunswick Nursing Home.

I had four of the prettiest little gray kittens appear this week. If you can catch one you can have it. They are cunning now.

Esther and Olive Davis had a ride through the green woods to Leeds, Winthrop and back home. We called on a classmate of Esthers, Annabelle Goodoff at Worthley Pond and had our lunch on her porch while we visited her. Later we called on Irving and June Cushman. They were out so we did not see them.

Mr. and Mrs. Ralph Tucci took Jean (John) Louis Tirmache of France to Mt. Washington Base Station, Thursday. Jean went to the top of the mountain in the van. It was too bad that the cloud cover was over it, although at the base it was sunny but rather cold. We had our lunch and ate in the car while waiting for Jean to return. I, Olive, called on the Tucci's on North Pond and they invited me to go along. I hadn't been in the mountains for some time, so was delighted.

The trio called on me Saturday for a little while. Mr. and Mrs. Robert (Joe) Tucci were at their camp on North Pond over the week end. Jean will be going home with them to Portsmouth for a week and then will be returning to Sahurs, Paris, to continue his studies there.

I had a call from Evelyn Bean this morning, telling she saw a bear come across the road and run through my pasture, so folks beware, "there's a bear in them wood." Travel with care. Two bear have been shot and seen at Trap Corner. One was from Bethel area and I believe other was North Paris.

Mr. and Mrs. Carl Brooks and Olive Davis attended Oxford Grange Lecturer's night Friday.

Ben Wilson is home after his stay in the hospital recuperating from a stroke. He is gaining but still unable to work.

A light frost visited us three nights in a row. Only the tender things like squash and melons were hit here.

Marta Clements and the fifth grade group are having a project on caterpillars. She is an understudy of Dr. Fredrick Urquhart of University of Toronto. Her class collects butterflies (monarch) and watch them go to sleep, beginning with the worm. They roll themselves up in a pupa and sleep two weeks, coming out a beautiful butterfly. They are tagged and set free so they fly southward. They have been found in Mexico by some of Dr. Urquhart's reports. After the butterfly is hatched it is set free with the tag on his wing. It is the only butterfly that flies south as far as is known.

NEWS FROM ADULT AND COMMUNITY EDUCATION

The S.A.D. 44 Adult & Community Education program released the fall line-up of classes on Sept. 10, with registrations now being accepted through the start of classes. Those wishing to enroll may call or write the Adult & Community Education Office, 824-2780, Telstar Regional High School, Rt. 1 Box 1220, Bethel, Maine 04217. Most classes begin during the week of Sept. 24; however there are variations in this, and students should consult the brochure schedule.

Additional courses have been arranged since the publication of the flyer. Adult and Community Education Director Cathy Newell announced that there will be a Basic Sewing class in Andover on Thursday evening, starting Sept. 27, taught by Ellen Greeke, and that a class in Bagpipe Playing has been added at Telstar High School, also on Thursday nights, starting Oct. 4.

The Defensive Driving class, advertised in the flyer, is being co-sponsored by the Mundt-Allen Auxiliary, rather than the Jackson-Silver Post. The Defensive Driving class is worth five points for drivers license upon successful completion. This class is the only one scheduled for the Western Maine area this fall, according to Bob Ferris of the Maine Department of Public Safety, who provide the course. To enroll in the class, call the Adult & Community Education office, 824-2780.

The Exercise class in Andover will begin on Thursday, Sept. 27, because of the S.A.D. 44 Board of Directors supper and meeting set for Sept. 24.

KEEP US IN MIND

It's that time of year when your local Rotary Club must start gathering items for our annual auction. The proceeds of all of our efforts go to support such projects as the Senior Citizen Xmas Dinner, Xmas Food Baskets for the needy, student scholarships, support of the local health facilities, summer camp tuitions, area athletes expenses, disabled individuals needs, etc. If you're cleaning the garage, attic, or cellar, let us get rid of those unneeded items for you. Call Roger Conant (824-2131 or 824-2269) for pickup. Help us with your support of our projects. It's a good feeling!

North Paris

— Eveline B. Vatcher, Corres. —

Sympathy is extended to the family of Mrs. Thelma Abbott, who lived here for many years.

Eveline went to Norway hospital for tests on Tuesday and later in the day a young man from Lewiston delivered oxygen to her to be used for six hours during the day and all night. She has two portable tanks. One is good for four hours and weighs 12 lbs. and the other is on a dolly to be pushed like a stroller that is good for nine hours, so now she can go into the stores and one day she went to the mail box. She hasn't been sick to her stomach since getting the oxygen.

Pvt. Scott Ilsley returned to Fort Benning, Ga., on Sept. 14.

Rhoda Vatcher returned home Wednesday, after a three weeks vacation with her children in Massachusetts.

The supper to benefit Walter Connell was well attended and they netted $333.

Robert Herrick a former North Paris lad who lives in California, says Eveline doesn't write about anyone in North Paris that he knows. The people he knew are either living out of town or have passed away. If he should make a visit to North Paris and call on Eveline she would surely mention it in her news column. She doesn't live on Morse Hill Road now but she is still handy to the center of Town. Think about it Bob. She will likes to receive letters from all over.

The Community Club will have their monthly supper on Sept. 22 and the last one will be a ham supper on Oct. 20.

Joe and Eveline Vatcher went hunting for tomatoes and found a dot of them on high ground, where they don't get a frost until late in season.

Mr and Mrs. Everett Vatcher, Lynchburg, Va., visited with Joe and Eveline Tuesday afternoon then went to Long Lake, Harrison, to visit friends over night.

Doris Lawrence and Marietta Penley went iwth Lena Deam to the wedding of Lena's nephew, David Sargent at Bath Saturday in the rain. Callers at Lawrence's: Joe Vatcher, Rhoda Vatcher, Mrs. Arlene Abbott and Jo-Anne.

Rotary Club News

The Bethel Rotary Club held its regular luncheon meeting at the Sudbury Inn on Sept. 18. The program chairman at this meeting was Ted Chadbourne. Ted had arranged to have two candidates for the Maine Legislature, a Democrat and a Republican, express their party views, and answer questions, posed by Rotarians. Ted acted as the moderator for this program. The Democratic representative was Jeff Mills, and the Republican representative was Al Barth. Party differences and accomplishments were discussed by both of the candidates. Interesting questions were asked of the candidates in regards to recreation, publicity, education, church and state issues, etc. The club members were very pleased to have these two fine men address the issues. The program chairman for next week is Randy Baker. The program is not known at this time.

Visiting Rotarians and guests joining with Rotary Tuesday were Bill Lowther, Boonton, N. J.; Chas. Feld, Marco Island, Fla.; Bill Wood, Dover; Phil Readen, Henniker, N. H.; Ray McDonald, guest of Roger Conant, and George Mueden, guest of Ed Quinn.

The "pay-off" party given by the Oxford Hills Rotary Club for their loss in the membership drive contest with the Bethel Club is scheduled for Sunday, Sept. 23. A softball game and lots of good food is on the agenda.

For the information of dance fans, the Fall Frolic will be held at the Locke Mills Legion Hall on Oct. 26. Tickets will soon be on sale. Rotary information was set aside at this meeting due to the time frame established for the program.

A letter of commendation and thanks received from the District Governor, Marcel Morissette, was read to the members present just prior to Tuesday's program. A Mollyockett Day committee meeting was sheduled for Tuesday evening, Sept. 18, at Lennie Shaw's office. On Thursday evening, Sept. 20, a special meeting of the Board of Directors wil be held at 7 o'clock at Lennie Shaw's office.

— Mrs. Collsta Morgan, Corres. —

The mist lifted slowly from the pond this morning, clinging for a time among the trees. Just off shore two ducks drifted in the vapor, then paddled away to the center of the pond.

In a few hours the sky was high, a clear sparkling day and I hoped I could complete my work of pickle making and be ready to climb up Noyes Mountain through the farm fields right after lunch. It was 2:15 when I was ready to start. Usually I go by the Bull Dozer road but this year Clyde was unable to hand mow it, which was the first time in our 24 years here. The pink jewel-weed and many other things fill the road. So I went up to the farm and up the cart road.

Tumbling white clouds were floating about the trees in a beautiful blue bowl turned upside down.

After leaving the first gate I was greeted by the cows, two of which came running toward me. I had nothing for them so they turned away.

These latter days of summer mark with their visible changes, a swifter descent in the long decline of the season. During the warmth of noon sunshine, the voices of the insects still carry their summer cheer. But I could feel a slight chill in the air shadows. The light ebbs away more quickly.

When I opened the second gate, long gusts of wind swept across the hillside. They bring cooler weather day by day.

Under the old apple trees, fallen fruit sprinkled the ground. The oaks were heavy with acorns. As I looked I caught a glimpse of red in one group and pulled the limb down to look. It was a spotted red acorn! I know it is unbelievable for I had never seen anything like it before. I set my camera to TELE and tried to get a picture. I had to snap away a leaf and twig and the motion dislodged it. It fell among the ferns.

For five minutes or more I searched for it but did not locate it. I was disappointed for now I have no proof that it ever existed except in my eyes and mind. I left the oaks to go among the spruces and on to the brook. The tops of the evergreens are very heavy with cones this fall. It was fascinating to see them.

"Oh, what a glory doth this world put on
For him, who with a fervent heart, goes forth
Under the bright and glorious sky, and looks
On duties well performed, and day well spent!"
H. W. Longfellow

The soft breezes played above the rocky bed of the brook. No water today. But a merry partridge played his drum from a hidden growth and a tiny frog huddled in moss, gave a quick jump which told me the quarry had spotted me as it slipped beneath the bank. Then all was still; but not for long for the ever curious red squirrel began to sneeze, bark, cough, and spit, plainly telling me to move on.

I wound through the forest which taxed my power of decision. Each new turn promised a surprise. Just one more turn, just one more bend! So from twist to turn I went on and on, soundless, over the living plush through the moist and hoary woods. I stopped to see masses of sham-rock-green-wood-sorrel. Moss spread away in rich greens over mouldering trunks of fallen trees. Toadstools and ghostly clumps of Indian Pipes rose from the rich humus. There was transient beauty of decay among the dampness.

Nature's mood is one of steadying calm; I lifted my eyes to mountains, gazed over blue waters, heard the whisper of grasses, the wind, and the rustle of leaves; just a few gifts of Nature's calm on the hill. The last was from home, watching the sun descend, the colors change, the clouds shift and finally, day gives way to night.

ARCHAEOLOGICAL EXHIBIT AT MOSES MASON HOUSE

The Bethel Historical Society, Inc. will host a traveling exhibit on prehistoric hunters and gatherers of northern Maine.

The exhibit is based on investigations conducted at Munsungun Lake, north of Baxter State Park, by a team of archaeologists and other scientists from the University of Maine, Orono. Munsungun Lake was a center for the manufacture of stone tools. From remains at the site, researchers have been able to reconstruct the way of life of the area's earliest inhabitants.

At the end of the Ice Age 11,000 years ago, prehistoric hunters and gatherers in northern Maine lived in harsh tundra surroundings. Six thousand years later, residents of the same area lived in a warmer, forested environment.

The traveling museum display "Early People in Northern Maine" contrasts these two ways of life. The modern multidisciplinary approach to archaeological research is clearly explained with the aid of accompanying color photographs, maps and diagrams. Replicas of actual stone tools are also included.

"Early Peoples in Northern Maine" was prepared at the Center for the Study of Early Man at the University of Maine at Orono. It was funded by the Maine Humanities Council and the National Endowment for the Humanities.

The archaeological exhibit on Maine's prehistoric inhabitants will be on display at the Bethel Historical Society's Dr. Moses Mason House meeting room Oct. 6 to Oct. 20. For more information call Dr. Stanley Russell Howe, Director, (207) 824-2908.

GAIN IN EARLY TICKET SALES AT SUNDAY RIVER

After the best season ever in 1983-84, when Sunday River posted a near 14% gain in skier days, the ski area is again setting records in advance of the winter of 1984-85.

Early season ticket sales have posted a 12% gain over last year and advance group reservations have doubled. The primary reason for these gains is the development of one-hundred new condominium units on the slopes at Sunday River. These condominiums will provide the necessary accommodations to house bus tours, conferences and conventions. Many condomiium owners have also purchased season passes for their families.

Included in this summer's five million dollar expansion at Sunday River are a new triple chairlift, 25 additional acres of snowmaking, two new trails, the South Ridge Centre base facilities housing a ski shop, rental shop, convenience store and day care center and the 100 new condominium hotel units.
